

October 27, 2015

Dear DuPage Band,

On behalf of the American Cancer Society's Making Strides Against Breast Cancer Northwest Suburban event, please accept our sincere gratitude for your wonderful partnership and providing your musical talents at this year's walk that took place on Sunday, October 18, 2015 at Cabela's. We are excited to report that we had an extremely successful event and thanks to your generosity we raised over \$125,000 for our life saving mission.

By partnering with Making Strides Against Breast Cancer, you have taken a stand in the fight against breast cancer. Beyond the visible aspects of your generous support, your contribution allows the American Cancer Society to continue to provide free resources for breast cancer patients and their caregivers – 365 days a year. It means we'll continue teaching people ways to prevent breast cancer through healthier choices. It funds our groundbreaking research into breast cancer's causes, cures and treatments. And it fortifies our messages to legislators for increased cancer research funding!

Please know that your support in this battle is truly a gift. More than 14 million cancer survivors are living proof of your commitment to our progress. Together, we are making strides toward a world with less breast cancer and more birthdays. From all of us with the Making Strides of Northwest Suburban event, thank you.

Sincerely,

Jacquelyn Koch
