

The DuPage Band headlined our Making Strides Against Breast Cancer event on October 16, 2016. This event was held outdoors and hosted about 1,000 attendees. The band did an amazing job getting the crowd excited for the 5k walk. The walk hosts attendees of all ages- so their verity in music was perfect! Everyone was up and dancing even at the 8am start time!

DuPage Band is amazing to work with- they helped us make important announcements and kept with the flow of our stage script. They were great to work with before the event, and came prepared and ready to set up the morning of!

I would highly recommend this group for any event! Their verity truly does have something for everyone and will get your crowd excited. They are not only professional, but fun to work with!
